

[illegible]

PREFACE

This manual explains maintenance procedures for the following mechanical units:

Model name	Mechanical unit specification No.	Maximum load	Remarks
FANUC Robot CR-4iA	A05B-1143-B701	4kg	
FANUC Robot CR-7iA	A05B-1142-B701	7kg	
FANUC Robot CR-7iA/L	A05B-1142-B801	7kg	

The label stating the mechanical unit and force sensor specification number is affixed in the position shown below. Before reading this manual, verify the specification number of the mechanical unit.

Position of label indicating mechanical unit and force sensor specification number

The figure in the inside of thick frame is modified.

						Title	FANUC Robot CR-4iA, CR-7iA, CR-7iA/L MECHANICAL UNIT OPERATOR'S MANUAL Description of "Force Sensor Serial number" term is added			
						Draw No.	B-83774EN/02-01			
Ed.	Date	Design	Description			FANUC CORPORATION		Page	2/3	
	Date	2017.2.7	Design.	S. Furuta	Apprv.					

TABLE 1) A: mechanical unit

	(1)	(2)	(3)	(4)	(5)
CONTENTS	Model name	TYPE	No.	DATE	WEIGHT kg (Without controller)
LETTERS	FANUC Robot CR-4iA	A05B-1143-B701	SERIAL NO. IS PRINTED	PRODUCTION YEAR AND MONTH ARE PRINTED	48
	FANUC Robot CR-7iA	A05B-1142-B701			53
	FANUC Robot CR-7iA/L	A05B-1142-B801			55

TABLE 2) B: force sensor

	(1)	(2)	(3)	(4)	(5)
CONTENTS	Name	TYPE	No.	DATE	WEIGHT kg
LETTERS	FANUC CR-7iA Force Sensor	A05B-1425-H301	SERIAL NO. IS PRINTED	PRODUCTION YEAR AND MONTH ARE PRINTED	28

The table in the inside of thick frame is added.

In the following way, “Force Sensor Serial number on MFG PLATE” term of TABLE2 corresponds to that of “Force Sensor Serial number on TP” written in section 2.2 of OPERATOR’S MANUAL (Collaborative Robot Function) (B-83744EN). In replacing force sensor and updating software, please check that two numbers correspond.

Force Sensor Serial number (on MFG PLATE)

R▽▽■○○○○○

■=1~9, X, Y, Z

Force Sensor Serial number (on TP)

▽▽□□○○○○○

□□=01~09, 10, 11, 12

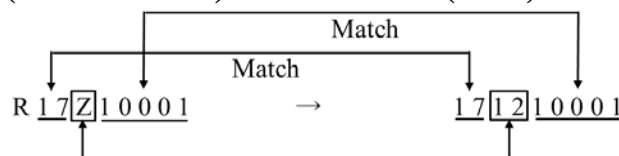

Correspondence table

■	1	2	3	4	5	6	7	8	9	X	Y	Z
□□	01	02	03	04	05	06	07	08	09	10	11	12

e.g.

Force Sensor Serial number
(on MFG PLATE)

Force Sensor Serial number
(on TP)

Check that two numbers correspond by referring to the above correspondence table.

The text in the inside of thick frame is added.
